

FEATURED PRODUCT

Multi-Needle Quilting

MACHINE UPGRADE PROGRAMS

Modernize your older quilting machines with the latest electronic technology for a fraction of the cost of a new machine. Our new touchscreen system, with all digital servo technology, provides all the benefits of your present quilting system plus adds features such as:

- ❖ Easily adjust patterns on the screen
- ❖ Change needle position setup and see results before you quilt
- ❖ Modify the stitches per inch, repeat position, scale the X and Y directions
- ❖ And, your existing quilting patterns can be converted for use on the new controller.

Technology upgrade programs are available to fit your budget. Start with a modest program upgrade (A) to improve reliability, or use the full upgrade program (B) to enhance reliability and usability.

Program A

Servo Upgrade Program:

Replace the drive, motor and cables for one or more axis.

- ❖ Ready-to-use upgrade kit for the carriage, feed or needle axes
- ❖ All connectors and cables are included, minimizing conversion time
- ❖ Motor face and shaft size provide a drop-in replacement for your original motors
- ❖ Utilizes your existing MSC-850 controller
- ❖ No software changes are needed

Program B

Complete Control System Upgrade Program:

Includes new enclosure with all electronics, software, drives, motors, and cables.

- ❖ This upgrade package includes a complete enclosure system using the latest technology for the servo drives, multi-axis controller, HMI, and I/O.
- ❖ Complete with new motors and cables specific for your machine.

Either system upgrade program can be applied to the

following multi-needle quilting machines manufactured by Gribetz International:

1300, 1300-II, 2300, 2300a
STD 3200, HD 3200, 4300, 4300E

Our system upgrade options also include machines manufactured by EMCO, PATHE, MECA and MAMMUTH. If your machine is not on the list, please contact us, we can help you out.

Program A - Single Axis Upgrade Kit

Program B - Multi-Needle Control System Enclosure

INDUSTRIAL INDEXING SYSTEMS, INC

626 Fishers Run, Victor, NY. 14564 ~ (585) 924-9181
info@iis-servo.com ~ www.iis-servo.com

Our objective is to bring state-of-the-art servo system products to practical use on the factory floor. Whether it is a complete turnkey system or servo components, IIS' commitment to quality products and personalized support is unsurpassed. Our business philosophy is pretty simple. We take responsibility for everything we sell. By doing that we make a long-term commitment to our customer's success.

To accommodate the steady growth we've enjoyed over the years, our facility has been expanded several times to its present 17,000 square foot capacity. This location houses all critical departments - Sales, Marketing, Applications Engineering, R&D, Production, Warehouse, Panel Shop, Quality Control and Customer Support. Having everything under one roof speeds communications and provides better service to our customers.
